**Re: WC Docket No. 14-58
2016 ETC Annual Report of Empire Telephone Corporation
Study Area Code 150093**

Dear Ms. Dortch:

On behalf of Empire Telephone Corporation ("Empire"), JSI files the attached confidential version of the FCC Form 481 ETC annual reporting information pursuant to sections 54.313 and 54.422 of the Commission's rules.¹ Company seeks confidential treatment under Protective Order for section 54.313(f)(2) financial information.² The redacted version is being filed this date via the FCC's Electronic Comment Filing System. In addition, attached is a letter requesting confidential treatment under Sections 0.457 and 0.459 of the Company's Five-Year Service Quality Improvement Plan Progress Report required by Section 54.313.³

Please direct any questions regarding the filing to the undersigned.

Sincerely,

John Kuykendall
JSI Vice President
301-459-7590

**Re: WC Docket No. 14-58
2016 ETC Annual Report of Empire Telephone Corporation
Study Area Code 150093
Request for Confidentiality**

Dear Ms. Dortch:

John Staurulakis, Inc. ("JSI"), on behalf of its client Empire Telephone Corporation (the "Company") hereby requests, pursuant to Sections 0.457 and 0.459 of the Commission's rules,¹ withholding from public inspection certain information contained in an attachment to the above referenced reporting requirement. The Company provides the following in support of its request, numbered consistent with the subparagraphs of Section 0.459(b).²

1. The information for which the Company is seeking confidential treatment is an attachment to the Company's annual reporting information pursuant to Sections 54.313 and 54.422 of the Commission's rules ("Report").³
2. Pursuant to Section 54.313, Rate-of-Return Eligible Telecommunications Carriers ("ETCs") must file with the Commission a Progress Report on its Five-Year Service Quality Improvement Plan ("Progress Report") which is contained in the attachment to the 2016 Report.⁴
3. The information contained in attachment for which the Company seeks the withholding from public inspection is the entirety of data pertaining to the Company's Progress Report provided at FCC Form 481 Line 112 attachment. Information of this nature is confidential commercial information routinely withheld from public inspection.

¹ 47 C.F.R. §§ 0.457, 0.459.

² 47 C.F.R. § 0.459(b)(1) through (9).

³ 47 C.F.R. §§ 54.313, 54.422.

⁴ 47 C.F.R. §§ 54.313.

4. With respect to identifying the degree to which the subject attachment concerns a service that is subject to competition, the information is of a financial and competitive nature regarding the provision of telecommunications services. The Line 112 attachment contains competitively sensitive information related to proposed improvements or upgrades and maintenance the Company's network.

In its *March 5, 2013 Order*, the FCC. The FCC specified that for rate-of-return carriers, the five-year plans "should describe the carrier's network improvement plan, which should provide greater visibility into current plans to extend broadband service to unserved locations in rate-of-return service territories."⁵ The Company's Progress Report updates this information as well as provides maps and detailed information as to whether or not network improvement objectives were achieved at the wire center level. Accordingly, because the Company is a rate-of-return carrier, it must file Progress Reports which contain proprietary, competitively sensitive information related to the Company's existing network including the specific locations of customers as well as describe proposed improvements or upgrades and maintenance of its network throughout its service area. Specifically, this information sets forth services provided by the Company over its existing network including specific locations of customers as well as planned network improvement and maintenance for the years 2015 through 2019 including project start and completion dates, population that will be impacted by the improvements and upgrades at the wire center level and projected capital costs associated with the improvements and upgrades and operating costs associated with maintaining the network including depreciation for investments that have already been made. As such, this information contains competitively sensitive information related to the Company's existing network as well as detailed plans at the wire center level for network upgrades and maintenance projected for the years 2015 through 2019.

5. With respect to identifying possible exposure to competitive harm, the information contained in the Line 112 attachment is information that is not customarily released to the public. This information is proprietary to the Company, is unique to the Company's serving territory and is only known to the Company and its authorized agents. If the Information is not protected, it would have economic value to potential competitors who would be able to target their marketing to specific customers. In a competitive telecommunications marketplace, this type of information is highly sensitive. If publicly disclosed, it would enable competitors to craft business plans that capitalize on their knowledge of the locations of the Company's customers which would place the Company at a competitive disadvantage.
6. With respect to steps the Company has taken to ensure against unauthorized disclosure of the information contained in the attachment, the Company is filing

⁵ See *Connect America Fund et al.*, WC Docket 10-90 *et al.*, Order, DA 13-332 (rel. Mar. 5, 2013) ("*March 5, 2013 Order*") at para 9 citing Section 54.202(a) (1) (ii).

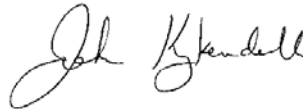

the attachment under seal. The Company uses the information contained in the Progress Report to ensure that its customers continue to receive state-of-the-art high quality telecommunications and broadband services that the Company has been providing to them for many years as well as to satisfy mandatory reporting requirements and does not share the information for which protection is sought. The Company protects the secrecy of this information with a security protocol that ensures the information is not inadvertently disclosed or disseminated. Only directors, managers and employees with a direct need to know are authorized to access the information.

7. Any previous versions of this information are not publicly available.
8. Because the information is not routinely available, a need exists for maintaining the confidentiality of this information permanently.
9. Not applicable.

Based on the preceding, JSI respectfully requests on behalf of the Company that the Commission grant confidential treatment under Section 0.459 to Company's Progress Report provided at FCC Form 481 Line 112 attachment.

Please contact the undersigned with any questions regarding this request.

Sincerely,

John Kuykendall
JSI Vice President

4005 Rural Broadband Experiment

Authorized Rural Broadband Experiment (RBE) recipients must address the certification for public interest obligations, provide a list of newly served community anchor institutions, and provide a list of locations where broadband has been deployed.

Public Interest Obligations – FCC 14-98 (paragraphs 26-29, 78)

Please address Line 4001 regarding compliance with the Commission’s public interest obligations. All RBE participants must provide a response to Line 4001.

4001. Recipient certifies that it is offering broadband to the identified locations meeting the requisite public interest obligations consistent with the category for which they were selected, including broadband speed, latency, usage capacity, and rates that are reasonably comparable to rates for comparable offerings in urban areas?

Community Anchor Institutions – FCC 14-98 (paragraph 79)

4003a. RBE participants must provide the number, names, and addresses of community anchor institutions to which they newly deployed broadband service in the preceding calendar year. On this line, please respond (yes – attach new community anchors, no – no new anchors) to indicate whether this list will be provided.

If yes to 4003A, please provide a response for 4003B.

4003b. Provide the number, names and addresses of community anchor institutions to which the recipient newly began providing access to broadband service in the preceding calendar year.	Name of Attached Document Listing Required Information	
--	--	--

Broadband Deployment Locations – FCC 14-98 (paragraph 80)

4004a. Attach a list of geocoded locations to which broadband has been deployed as of the June 1st immediately preceding the July 1st filing deadline for the FCC Form 481.	Name of Attached Document Listing Required Information	
---	--	--

4004b. Attach evidence demonstrating that the recipient is meeting the relevant public service obligations for the identified locations. Materials must at least detail the pricing, offered broadband speed and data usage allowances available in the relevant geographic area.	Name of Attached Document Listing Required Information

REDACTED – FOR PUBLIC INSPECTION

ATTACHMENT - LINE 112

**Five-Year Network Improvement Plan and
Progress Report**

ATTACHMENT REDACTED IN ENTIRETY

Empire Telephone Corporation's demonstration of complying with applicable service quality standards and consumer protection rules for voice and broadband services:

In establishing this certification in its *2005 ETC Order*,¹ the FCC found that an ETC must make “a specific commitment to objective measures to protect consumers.”² The Commission found that for wireless ETCs, compliance with CTIA’s Consumer Code for Wireless Service would satisfy this requirement” and that the sufficiency of other commitments would be considered on a case-by-case basis.³ In this context, the FCC stated, “to the extent a wireline or wireless ETC applicant is subject to consumer protection obligations under state law, compliance with such laws may meet our requirement.”⁴

Empire Telephone Corporation (“Company”) hereby certifies that it is complying with applicable service quality standards and consumer protection rules. The Company is subject to service quality standards and consumer protection obligations under both federal and state law. These standards and obligations include, but are not limited to, the following: (1) providing copies of a tariff, pending tariff, or rate filing which disclose rates, terms and conditions of service to customers in accordance with the New York Code of Rules and Regulations (NYCRR) Title 16, Volume C, Chapter 6, Subchapter A, 602.4; (2) adherence to state service quality standards and consumer protection

¹ *Federal-State Joint Board on Universal Service*, CC Docket No. 96-45, Report and Order, FCC 05-46 (rel. Mar. 17, 2005) (“*2005 ETC Order*”).

² *Id.* at para. 28.

³ *Id.* The FCC noted that under the CTIA Consumer Code, wireless carriers agree to: “(1) disclose rates and terms of service to customers; (2) make available maps showing where service is generally available; (3) provide contract terms to customers and confirm changes in service; (4) allow a trial period for new service; (5) provide specific disclosures in advertising; (6) separately identify carrier charges from taxes on billing statements; (7) provide customers the right to terminate service for changes to contract terms; (8) provide ready access to customer service; (9) promptly respond to consumer inquiries and complaints received from government agencies; and (10) abide by policies for protection of consumer privacy.” *Id.* at n. 71.

⁴ *Id.* at n. 72.

requirements governing telephone providers under NYCRR Title 16, Volume C, Chapter 6, Subchapter A service, Parts 600, 602, 603, and 609; (3) truth-in-billing requirements; and (4) CPNI, Red Flag Rules and other applicable federal and state requirements governing the protection of customers' privacy.

In addition, Empire Telephone Corporation certifies compliance with broadband specific consumer protection obligations under both state rule and federal law. The obligation under state rule is NYCRR Title 16, Part 605 as it pertains to common carriage and the delivery of broadband services as a separate service from the provision of content. The federal law obligations include, but are not limited to, the following: public disclosure of accurate information regarding network management practices, performance, and commercial terms of broadband internet access services; as a means of providing sufficient information for consumers to make informed choices regarding use of such services, and for content, application, service and device providers to develop, market, and maintain internet offerings as specified in F.C.C. 47 C.F.R. Part 8 §8.3. The company furthermore will comply with all requirements set forth in the *2015 Open Internet Order*.

Empire Telephone Corporation's demonstration of ability to function in emergency situations for voice and broadband services:

Empire Telephone Corporation ("Company") hereby certifies that it is able to function in emergency situations as set forth in §54.202(a)(2).¹ The Company's network is designed to remain functional in emergency situations without an external power source, is able to reroute traffic around damaged facilities, and is capable of managing traffic spikes resulting from emergency situations as required by Section 54.202(a)(2). The Company can change call routing translations as needed to reroute traffic around damaged facilities. Changing call routing translations will also allow the Company to manage traffic spikes throughout its network, as emergency situations require.

Specifically, each central office building is supplied with standby generators and battery back-up that enable the central office to keep running until power is restored so long as fuel is available, or until system changes are made to reroute traffic. The Company has battery backup at all office locations and in its electronic equipment sites. Length of run time is determined by the equipment serving the area and the number of customers working out of the equipment. Generators are installed at all Central Office locations. They will continue to run as long as the Company has access to fuel.

The company's standby generators and battery back-up support both voice and broadband network equipment should an emergency situation occur. The Company complies with the FCC's backup power requirements, effective October 16, 2015.

¹ Section 54.202(a)(2) requires ETCs that are designated by the Commission to "demonstrate its ability to remain functional in emergency situations, including a demonstration that it has a reasonable amount of back-up power to ensure functionality without an external power source, is able to reroute traffic around damaged facilities, and is capable of managing traffic spikes resulting from emergency situations."

A. LIFELINE TELEPHONE SERVICE

1. Lifeline Telephone Service Options

a. Description

1. Lifeline Discounted Service

This service provides a flat rate federal discount of \$9.25, consisting of a \$6.50 reduction of the Federal Subscriber Line Charge and a \$2.75 reduction in the monthly rate for local exchange telephone service for residential customers. Qualified customers may choose any type or grade of local telephone service, including bundled services that are normally offered by the Company.

1 A. Additional Lifeline Discount

This service provides the discount as outlined in A.1.a.1 above and may provide an additional discount equal to the serving company's increase in residential basic local exchange service, as authorized by the NYS Department of Public Service in Case No. 07-C-0349, released March 4, 2008, whereby the NY Commission authorized certain companies to increase basic local service rates up to \$2.00 per year for 2 years. The discount can be found on Addendum 1 of the individual Company tariff for those companies offering the Additional Lifeline Discount.

A. LIFELINE TELEPHONE SERVICE (cont'd)

2. Regulations (cont'd)

b. The Lifeline discount is effective upon receipt of a completed form of eligibility. If the form is not returned, no further action is taken by the Company to establish eligibility.

+

c. The Company, in coordination with appropriate agencies and the Lifeline Customer, will require Lifeline customers to be re-certified, on an annual basis. Lifeline customers will need to certify that they continue to be eligible to receive these Lifeline benefits and that they are not receiving benefits from another company. If a customer is identified as being ineligible, the customer will be notified that unless the information is shown to be in error, the Lifeline discount will be discontinued. The customer will be billed for discounts received for the time that they were proven to be ineligible for the service.

(C)

+

3. Locality Charge Waiver

Customers receiving Lifeline Telephone Service will have applicable locality charges waived each month while they are receiving the Lifeline Assistance.

4. Voluntary Toll Blocking (Restriction)

Customers receiving Lifeline service can voluntarily request and receive toll blocking (call restriction), third number billing/collect call restriction without a monthly charge. There will be no record order charge to add these types of restrictions (blocking).

Basic Local Exchange Service Credit

Basic Local Exchange Service Credit

In April of 2006, the Company received a distribution of funds due to the dissolution of the Rural Telephone Bank (RTB). In March of 2008, the Company received approval to increase its rates by \$2.00 for two years as part of the Framework for Regulatory Relief. The Company will apply the proceeds it received as a result of the dissolution of the Rural Telephone Bank (RTB), in part, to offset basic local exchange rate increases for all customers except Lifeline customers. Lifeline Customers will be eligible for the below "Additional Lifeline Credit, as outlined in the Commission Order. The company will issue the following monthly credits, differentiated by the type of service, as follows:

Type of Service	Amount of RTB Bill Credit Per Local Exchange Access Line
Residential Individual Line	\$4.00

Additional Lifeline Service Credit

Additional Lifeline Service Credit*

Effective	Amount of Additional Lifeline Credit Per Residential Basic Local Exchange Access Line
April 1, 2015	\$9.98 (C)

** Issued under the Authority of the Commission Order in Case No. 09-M-0527, Released October 3, 2014 and in compliance with Commission Order in Case No. 07-C-0349 March 4, 2008 and December 18, 2010.*

Empire Telephone Corporation (SAC 150093)

Response to Line 3010 – Milestone Certification (47 CFR §54.313(f)(1)(i))

Empire Telephone Corporation hereby certifies that throughout 2015, it took reasonable steps to provide upon reasonable request broadband service at actual speeds of at least 10 Mbps downstream/1 Mbps upstream, with latency suitable for real-time applications, including Voice over Internet Protocol, and usage capacity that is reasonably comparable to comparable offerings in urban areas and that requests for such service are met within a reasonable amount of time. If a request for broadband service at actual speeds of at least 10 Mbps downstream/1 Mbps upstream is unreasonable, and offering broadband service at actual speeds of at least 4 Mbps downstream/1 Mbps upstream is reasonable, the Company offers broadband service at actual speeds of at least 4 Mbps downstream/1 Mbps upstream.
